

New Adventure Series Components

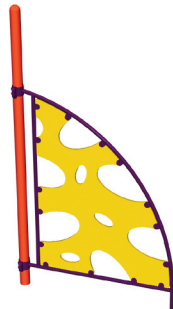

With endless ways to keep kids moving, Adventure Series is their favorite way to play. And with no decks, this is our most budget-friendly modular playsystem. Delivering maximum play value with a contemporary design of ground-based play activities, Adventure Series has something for everyone.

The Sky Link

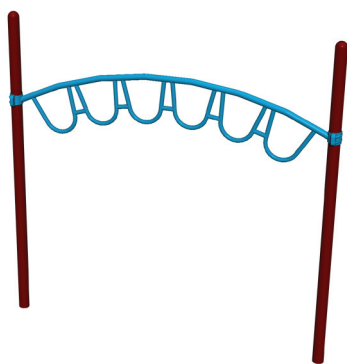

The Vertical Wave

The Spacer

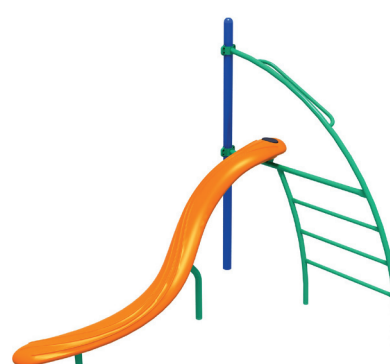

The Low Arch
(Left/Right)

The Sky Arch

The High Arch
(Left/Right)

Adventure Glide

LolliCap*

*Add visual appeal to your Adventure Series layout with our new LolliCap

Integrated Adventure Series Sample

PE-930

These new components are linked together by clamping to posts. Play functionally and link these components to posts (using a Post with Ladder Climber) or to RockBlocks® (using a RockBlocks Deck Access Support). Existing components can be directly attached between two RockBlocks wall sections.
